

1 Q. Does Newfoundland Power provide value to its customers, or does it simply
2 introduce another level of administration costs? Lists the efficiencies and
3 value added by Newfoundland Power to the electricity consumers of
4 Newfoundland; i.e., relative to Hydro, or a combined Hydro/Newfoundland
5 Power entity providing all electric service within the Province.

6

7

8 A. Information concerning Newfoundland Hydro's view of Newfoundland
9 Power's role and contribution to the utility environment in Newfoundland is
10 not relevant and is not necessary to understand the matters to be considered
11 in this proceeding which concern Newfoundland Hydro's application for
12 approval of, inter alia, rate increases for its customers.
