

- 1 Q. Provide detailed calculations showing the derivation of the Group Average  
2 and Canadian Industry Average numbers shown on Schedule I of the  
3 evidence of K. C. McShane.  
4
- 5 A. Schedule I was taken directly from the DBRS report “The Canadian Electric  
6 Utility Industry” (October 2000) (see response to IC-53). The averages were  
7 calculated by DBRS.
