 5 A. The items referred to in the answer to IC-85 including their locations and
 6 assignment for the purposes of the Cost of Service Study are summarized in
 7 the following table. For each item the circuit breaker and disconnect switch
 8 associated with the item is assigned as per the specific item.

Location and Assignment of Voltage Support Equipment For the Purposes of the Cost of Service Study			
Type of Voltage Support Equipment	Terminal Station Location	NLH Operating Number	Assignment
Capacitor Bank	Hardwoods	C1 & C2	Common
Capacitor Bank	Oxen Pond	C1 & C2	Common
Capacitor Bank	Long Hr.	C1	Common
Capacitor Bank	St. Anthony Airport	C1, C2 & C3	Common
Capacitor Bank	Grand Bay	C1	NF Power
Shunt Reactor	Plum Point	R1 & R2	Common
Shunt Reactor	Bear Cove	R1	Common
Capacitor Bank	Happy Valley	C1, C2, C3 & C4	Common
Synchronous Condenser	None at Present
