5 A. Please see the attached.

- Q. What is the estimated cost of connecting the St. Anthony system to the Island Interconnected system in 1995 dollars? How will that cost be recovered?
- A. The estimated cost of the St. Anthony/Roddickton Interconnection, if it were to come in service January 1, 1995 as assumed in NLH-2, is \$32.1 million. This cost will be recovered in future rates.
