

1 Q. Provide a list of all consultants used by Hydro with a description of the
2 associated projects and total project consultant costs for all consultancy
3 engagements in excess of \$10,000 for the period 1992 to 2001.

4

5 A. Hydro does not record consulting costs by project or by consultant but by
6 each invoice paid. It would be extremely onerous to require Hydro to analyze
7 10 years of hundreds of transactions to provide the information as requested.
8 This demand is too broad and unfocused. Provision of the information as
9 requested is not necessary to understand the matters to be considered in this
10 proceeding.
