

1 Q. At page 5 of Mr. Bowman's evidence it is indicated that Hydro should do a
2 marginal cost study. Given the possibility of a Churchill Falls expansion and
3 construction of a transmission line to the Island, what supply options does Mr.
4 Bowman propose Hydro consider in performing such a study?

5

6 ANSWER:

7 Mr. Bowman proposes that the marginal cost study be conducted on the basis of
8 the least cost plan consistent with meeting the needs of the Province's consumers
9 in a reliable and socially responsible manner.
