

1 Q. RE: p. B-71 Provide Global Positioning System Time Synchronization –
2 Phase 2 (\$211,000)

3

4 49.1 How many phases remain of this project? Provide the plan, including
5 estimated costs, for the completion of this work.

6

7

8 A. 49.1 Phase 2 of the Global Positioning System Time Synchronization,
9 proposed for 2002, is the last phase of this project. Phase 2 proposes
10 the installation of 22 GPS clocks at 22 sites.
