

1 Q. In the Board's Decision for P.U.7 (No. 28), it is stated that the Board's
2 financial consultants will work with NLH to recommend suitable regulatory
3 standards that will be used to measure operating efficiencies at NLH. The
4 standards are to be incorporated as part of NLH's ongoing reporting to the
5 Board. Please provide these standards including the figures that have been
6 reported to the Board to date.

8
9 A. Hydro has developed corporate measures with respect to corporate
10 efficiencies. These have been reviewed with the PUB financial consultant,
11 Grant Thornton.
