

- 1 Q. On page 19, lines 12 to 14 of Mr. Roberts' Pre-filed Evidence, he indicates
2 that the forecast price of oil for 2004 is \$29.42 per barrel. Please provide
3 NLH's longer-term forecast of the price of oil and provide a comparison to the
4 price of oil included in the RSP calculation, and the expected balance in the
5 old and new RSP accounts in each year through 2008.
