

- 1 Q. In its 1st Revision of August 12, 2003, NLH states that there remains one
2 other factor that will substantially impact rates in 2004 – the outstanding
3 balances in the Rate Stabilization Plan. Please advise if NLH has any
4 alternative proposals to lessen the impact on the Rate Stabilization Plan for
5 consideration by the Public Utilities Board for the year 2004.
