

1 Q. (a) Regarding the wind feasibility project mentioned in Mr. Haynes' pre-
2 filed testimony (p.35), has NLH investigated the possibility of cost-
3 sharing by federal and provincial departments and agencies?
4

5 (b) Furthermore, if wind generation turns out to be feasible, are there any
6 prospects for financial assistance from government?
7
8

9 A. (a) NLH has investigated the possibility of cost-sharing with federal and
10 provincial departments.
11

12 (b) If wind generation turns out to be feasible, there are prospects for
13 financial assistance from government, both at the federal and
14 provincial levels.
