

1 Q. What is the forecast percentage increase in Industrial rates (including RSP
2 and similar adjustments) for the years 2004 to 2007 inclusive, for each of the
3 utilities, including Hydro, referred to on Schedule I to the evidence of W.E.
4 Wells filed May 2003?

5

6

7 A. Hydro has no forecasts available of the requested percentages relative to
8 other utilities. Hydro's forecast percentage increases are below.

Industrial Rates
Percentage Increase

	NLH
2004	28.5% ⁽¹⁾
2005	2.7% ⁽²⁾
2006	-10.8% ⁽²⁾
2007	3.6% ⁽²⁾

(1) Based on Hydro's Revised Application dated August 12, 2003.

(2) Based on average rates calculated from Hydro's Financial
Projection 2003-2007 filed in response to CA-3 NLH.
