

1    Q.    Corporate Overview evidence page 14, chart 6 : What does Hydro consider  
2           to be controllable costs? Which of these costs are fixed and which are  
3           variable with delivered MWh?

4

5

6    A.    Please see response to CA-40 NLH for information on controllable costs.  
7           The majority of Hydro's controllable costs would be fixed in the short run with  
8           respect to changes in delivered energy.
