

1 Q. Does Newfoundland Power offer an interruptible load program? If so, please
2 provide the rate paid per MW, the terms and conditions of the offering, the
3 total number of customers participating, and the total number of MW
4 participating. Also, please provide a copy of the rate schedule or contract
5 used by NP for any interruptible rate offering.

6
7
8 A. Answering this question requires data and information that is held by
9 Newfoundland Power; therefore, this Request for Information should be
10 referred to Newfoundland Power for a response.
