

1    Q.    Please confirm that the ELG approach to depreciation is more aggressive  
2            (i.e. leads to higher depreciation rates) than the ASL approach, particularly  
3            on newer assets.

4

5

6    A.    Hydro has not completed any comparative analysis of the patterns of  
7            depreciation under the ELG versus the ASL approaches.
