

1 Q. Does the 2004 Forecast Cost of Service use the cost of service
2 classifications, assignments and allocations approved by the Board in 2002?
3 If not, what are the changes and the cost implications related to each change
4 for each class of customer?

5
6
7 A. Changes to the plant assignments approved by the Board in 2002, along with
8 the related cost impacts, have been filed in response to IC-63 NLH. The
9 2004 Forecast Cost of Services uses the classifications and allocations
10 approved by the Board in 2002.
