

- 1 Q. Production Evidence page 21, line29-30. says that “Hydro has
2 committed not to exceed 25,000 tonnes of sulphur dioxide emissions a
3 year”
- 4 (a) Is this a regulatory requirement?
5 (b) If not, who made this commitment and why?
6 (c) Is this commitment reflected in the 2004 COS? What is the dollar
7 amount associated with meeting that standard?

8
9
10 A. (a),(b),(c) Please refer to the response to CA-49 NLH.
