

1 Q. **Reference: Exhibit RDG-1, Page 89**

2

3 Response LC-11 states that the capital cost of the Churchill Falls to Happy
4 Valley/Goose Bay was \$17,428,544. Please reconcile this with Exhibit RDG-
5 1, Page 89.

6

7

8 A. The capital cost on response LC-11 for \$17,428,544 was the original
9 investment in the transmission line from Churchill Falls to Happy
10 Valley/Goose Bay. Line 6, column 5 is the projected cost of this line for 2004
11 in the amount of \$20,500,690.

12

13	Original cost	\$ 17,428,544
14	Replacement of insulators on this line in 2000/2001	2,869,080
15	Misc. additions from 1978 - 2004	<u>203,066</u>
16	Line 6 Column 5 Total	<u>\$ 20,500,690</u>
