

**NLH-52 IC**  
**2003 NLH General Rate Application**

---

Page 1 of 1

- 1       Q.     Provide an estimate of mill demand at ACCC Stephenville and Grand  
2             Falls that would be altered by application of a seasonal TOU rate  
3             structure assuming that the ratio in rates between the periods  
4             November 1<sup>st</sup> to March 31<sup>st</sup>, and April 1<sup>st</sup> to October 31<sup>st</sup> was  
5             approximately 1.5 to 1.  
6  
7       A.     ACCC Stephenville and Grand Falls would not be able to alter mill  
8             demand by the use of a seasonal TOU rate structure.
