

1 Q. Table 7 of the Rates and Customer Services evidence, shows that from 2004
2 to 2008, the revenue credit available to reduce the rural deficit will grow from
3 \$135,555 to \$2,884,143. Is Hydro proposing to apply the increased revenue
4 between hearings to the Retail Rate Stabilization Plan to provide a benefit to
5 those that are paying the rural deficit.

6
7
8 A. It is not proposed that these additional forecast revenues be applied to the
9 Rate Stabilization Plan between hearings.
