

1 Q. If Hydro had a generation capacity deficit in 2005, would it consider offering
2 to customers an interruptible rate contract similar to the interruptible “B”
3 contract provided to Abitibi Consolidated of Stephenville?
4

5

6

6 A. If Hydro had a capacity deficit in 2005 it would consider all options available
7 to meet that deficit, including assessing the value of arrangements similar to
8 the Interruptible ‘B’ contract.
