

1 Q. In the last 15 years, has Mr. Greneman designed a wholesale rate to apply to
2 a utility served by a supplier operating a predominately hydro power system?
3 If yes, provide details on each rate design implemented (i.e., utilities
4 involved, the proposed rate, the approved rate, transcript of Mr. Greneman's
5 evidence before a regulator on the issue of the wholesale rate, and the cost
6 basis for the rate design and date of implementation).
