

1 Q. Please confirm it is still Hydro's intention to phase out blocked energy rates
2 for rate schedules 2.2D, 2.2F, and 2.2H by January 1, 2006.

3

4

5 A. In light of the direction received from Government, Hydro's proposal for rates
6 2.2F and 2.2H is no longer relevant. As outlined in the revised Rates and
7 Customer Service evidence as filed with the Board on August 12, 2003,
8 Hydro still intends to phase out blocked energy rates for 2.2D by January 1,
9 2006.
