

1 Q. Please provide the total number of Fish Plant customers served by Hydro in
2 diesel communities. If applicable, please provide the breakdown of
3 customers in each the three isolated systems.

4

5

6 A. There is only one fish plant on the Island Diesel system as listed below under
7 the code "ID", the rest are coded "LD" for Labrador Diesel. There are no fish
8 plants listed for the L'anse au Loup system since all customers on this
9 system are billed Island Interconnected rates so the fish plants are not
10 receiving preferential rates per se.

	Customer Name	Community
