

1 Q. (If applicable) If there exists Fish Plants with a peak demand greater than 10
2 kW but less than 30 kW (i.e. qualify for rate code 2.2F, but are not referenced
3 in the Orders in Council), does Hydro propose to create a new rate class for
4 these customers?

5

6

7 A. Refer to the response to PUB-167 NLH.
