

1    Q.    Mr. Banfield's Evidence, page 14, lines 5 to 10, referenced the impact of  
2           proposed rates for isolated rural street and area lighting service, excluding  
3           Government departments. He stated, "...rates for this service will increase  
4           on average by 12% resulting in an average monthly increase of \$12 in  
5           2004...." Please provide all studies, documents, data, calculations and  
6           workpapers used in calculating these values.

7  
8  
9    A.    The requested information is no longer relevant since Government has  
10          directed that isolated rural street and area lighting continue to be charged the  
11          same rates as Island Interconnected customers.
