

- 1 Q. **Re: p. B-105** Indicate the anticipated costs of maintenance and repair for
2 the new system over the first 10 years of its operation.
3
4
- 5 A. There are no maintenance or repair costs anticipated on the new equipment
6 for the first five (5) years after purchase. Beyond the first five (5) year
7 period, it is impossible to predict what maintenance and/or repairs would be
8 required.
