

1 B-96 Corporate Application Environment

2 Q. Does NLH require that CF(L)Co share in the cost of all maintenance of all
3 shared IT resources, including the cost of any upgrades in hardware or
4 software?

5

6

7 A. Yes, Hydro requires that CF(L)Co share in the cost of all maintenance and
8 upgrades of all shared IT resources. The same proportion of cost is
9 allocated for capital and operating expenditures. Calculation of this share is
10 discussed in the response to PUB-73 NLH.
