

1     Q.     Given that Hydro's base case planning scenario as shown in Exhibit 6 of  
2           Exhibit RDG-2 indicates new hydro resources of 48 MW at 2011 and 18 MW  
3           at 2012, please provide Hydro's planning schedules for these projects,  
4           including planning activities and all related spending forecasts for 2007  
5           through 2011.

6  
7  
8     A.     Hydro's base case planning scenario as shown in Exhibit 6 of Exhibit RDG-2  
9           is no longer the current long-term expansion plan.

10  
11          Please see IC 53 NLH for the current long-term expansion plan.
