6    A.    Hydro is currently preparing an update of the 2007 test year revenue  
7           requirement and cost of service study reflecting updated fuel price and  
8           interest forecasts, as well as those errors and omissions which have been  
9           identified. This update is expected to be filed before the conclusion of the  
10          hearing.
