

1 Q. Confirm the proposed Load Variation component of the RSP is a departure
2 from that accepted by all parties to the mediation agreement at Hydro's 2003
3 GRA. (Review of the Operation of the Rate Stabilization Plan Report, Section
4 3.3)

5

6

7 A. As stated on page 13 of the Rate Stabilization Plan report,
8 "At Hydro's 2003 GRA, the parties agreed that both the revenue and
9 the fuel amounts related to load variation should be assigned to the
10 plan (NP or IC) where the load variation occurred."

11

12 Hydro confirms that it is proposing a change to the allocation of load variation
13 amounts, as outlined in the Rate Stabilization Plan report.
