

1 Q. Provide a table comparing the 2007-2011 average marginal cost of demand
 2 on an annual basis (base price of fuel and assuming no interconnection to
 3 Labrador) to the existing wholesale rate annual demand charge and the
 4 proposed wholesale rate annual demand charge. (NERA, Marginal Cost
 5 Report)

6
 7
 8 A. The following table compares the 2007-2011 average marginal cost of
 9 demand on an annual basis to the existing wholesale annual demand charge
 10 and the proposed wholesale annual demand charge.

		Generation and Transmission Capacity Winter			
		<u>Peak</u>	<u>Off-Peak</u>	<u>Non-Winter</u>	<u>All months</u>
		2007 Dollars per kW/month			
NERA Economic Consulting May 2006 Marginal Cost Study, Table 25A, Marginal Costs					
	2007	\$ 1.53	\$ 0.40	\$ -	
	2008	\$ 1.58	\$ 0.41	\$ -	
	2009	\$ 1.60	\$ 0.41	\$ -	
	2010	\$ 1.73	\$ 0.44	\$ -	
	2011	\$ 1.91	\$ 0.47	\$ -	
Existing Wholesale Demand Rate					\$ 5.64
2007 Proposed Wholesale Demand Rate					\$ 7.49
