

- 1    Q.    With respect to “Operating Experience” for the project at p. B-34, produce  
2           any records or reports summarizing operating problems that are said to have  
3           been “dramatically increasing” in recent years?  
4  
5
- 6    A.    Responses to IC-55 NLH and PUB 39.0 NLH contain logs, which indicate the  
7           failures and operating problems that have been experienced. There is no  
8           report containing a summary of this data.
