

1 Q. With reference to Hydro's response to IC-6 NLH, page 1, lines 22-25, what is
2 the total cost of damages to motor vehicles reported?

3

4

5 A. The damages to motor vehicles using the Upper Salmon Access Road are
6 generally discovered and repaired during regular vehicle maintenance
7 activities. As the vehicles are used throughout the Hydro Generation system,
8 no separate accounting for road damages solely associated with the use of
9 the Upper Salmon Access Road is made.
