

1 **B-29 Reliability Upgrades-Frequency Converter, \$1,320,200**

2 Q. Over what period of time has the current set-up not been in compliance with
3 legislation?

4

5

6 A. With reference to the response to PUB 46.0 NLH, the current set up is
7 compliant with current legislation. However, should a leak or spill occur a
8 non-compliance would occur.
