

1 **B-32 Construct Transmission Line Equipment Off-Loading Ramps, \$402,000**

2 Q. Is it intended to keep these accesses open in the winter?

3 If winter access is intended so who will do the snow clearing and if it is Hydro
4 how much will it cost?

5

6

7 A. Snow clearing will be carried out on an as needed basis by contractors
8 engaged by Hydro. The cost of this work has not been estimated, but as
9 most routine maintenance is performed outside the winter months, the cost is
10 expected to be minimal.
