

B-52 Replace Surge Arrestors, \$71,300

Q. In each of the years from 2001 to 2006F how many surge arrestors have been replaced? Please indicate how many replacements have resulted from in-service failures, and how many have been replaced as a preventive measure.

A. The following table shows the annual quantities of surge arrestor replacements for the period 2001 to 2006F.

	2001	2002	2003	2004	2005	2006F
Cost	\$20,644	\$23,971	\$35,523	\$65,065	\$79,719	\$70,000
Quantity	7	6	7	10	21	TBA

This proposal provides for the replacement of arrestors that fail in service. There were no replacements as a preventative maintenance measure.
