

In reference to Schedule “B”, page 29 of 82 – Chamberlains - Transformer – project cost \$1,250,000:

Q. Please advise as to how much Bunker C oil would be saved at the Holyrood Generating Station if these new customers were encouraged to use oil as a form of heat as opposed to electricity.

A. The Company has not completed an analysis as to how much oil would be saved at the Holyrood Generating Station if the customers served by the Chamberlains substation were urged to use oil as a form of heat as opposed to electricity.
