

In reference to Schedule “B”, page 31 of 82 – Rebuild Transmission Lines – at a project cost of \$4,129,000:

Q. In reference to the install of guy guards, please advise as to which locations guy guards are being installed, the number of guy guards being installed, and the price for materials and labour for the same.

A. Guy guards will be installed on every anchor/guy wire throughout the transmission line system from St. John’s to Port aux Basques. Approximately 10,000 guy guards will be installed at a cost of \$10/unit, which is comprised of \$6 in labour and \$4 in non-labour.
