

**In reference to Schedule “B”, page 39 of 82 – Street Lighting, project cost \$952,000:**

**Q. Please provide the total number of new units purchased and the cost per unit – the unit being the street lighting fixture and all component parts.**

A. Street lights are purchased based on historical average requirements. On average there are approximately 2,400 new fixtures installed each year. The unit cost of these installations is approximately \$152 per fixture. This unit cost includes the street lighting fixture and all component parts.
