

In reference to Schedule “B”, page 56 of 82 – Tools and Equipment, project cost \$770,000:

Q. Please provide specific information in reference to the addition of a materials storage areas for an electrical maintenance facility on Topsail Road.

A. The addition to the electrical maintenance facility on Topsail Road is included in the Additions to Real Property section on page 58 of Schedule “B.”

To be specific, \$24,000 has been budgeted to provide for the re-design of existing facilities, purchase of storage racks and self-coiling power supplies, and for minor renovations to provide a more effective, ergonomic work area for this facility. No expansion of the building is included in this item.
