

In reference to Schedule “B”, page 61 of 82:

Q. Please advise if vehicles purchased through Board approval in the last capital budget have all been delivered, and, if not, when these vehicles will be delivered.

A. All Passenger vehicles and Off-road equipment approved in the last capital budget have been purchased and delivered. Due to a backlog at the manufacturer, the heavy vehicle order for 2002 will not be delivered until the spring of 2003. There are five heavy vehicles outstanding representing approximately \$700,000 of the approved 2002 Capital Budget.
