

**In reference to Schedule “B”, page 73 of 82, Network Infrastructure, project cost \$542,000:**

**Q. Please advise in detail why it is necessary to connect the Company’s head office on Kenmount Road to the Duffy Place office building. How are consumers better served by such a connection? How is revenue generated through this connection?**

A. The responses to all of the above questions are provided in the Company’s responses to Requests for Information CA-66 (a), (b), (d) and (e), which are essentially the same questions in reference to the same project.
