4 **Q. Please provide the number of full time employees currently at Newfoundland**  
5 **Power.**  
6

7 A. As of October 2002, there were 608 Regular full-time employees. Newfoundland Power  
8 forecasts it will have a workforce of 665 full-time equivalents. Full-time equivalency is a  
9 measure of staffing which expresses the total of all full-time, part-time and temporary  
10 employment in equivalent full-time staff positions.
