

1 **Q. Please advise as to how many of Newfoundland Power's vehicles are unmarked – no**
2 **company logo, and the reasons for same.**

3
4 A. Newfoundland Power currently has 44 vehicles that are not marked with the Company
5 logo. Unmarked vehicles are assigned to individuals who must be available to respond
6 quickly to operational, business related or customer issues outside of normal working
7 hours, and who require a vehicle for that purpose. Some senior management are also
8 provided with an unmarked Company vehicle as part of their overall employment
9 benefits package.
