

1 **Q. Will SGE Acres be allowed to bid on any components of the refurbishment given**  
2 **their involvement in the original assessment of Rattling Brook (Appendix B and C,**  
3 **Volume II)?**  
4

5 A. SGE Acres is a design engineering firm.  
6

7 SGE Acres is currently under contract to Newfoundland Power to complete the design  
8 and technical specifications for the surge tank refurbishment. It is not anticipated at this  
9 time that they will be involved in any other work related to the Rattling Brook  
10 Refurbishment Project (the “Project”).  
11

12 Newfoundland Power currently intends to complete all design work on the Project, with  
13 the exception of the surge tank refurbishment. It is not currently anticipated that  
14 engineering consultants will have further involvement in the design component of the  
15 Project.
