Effective 12:01 a.m. Thursday, March 23, 2023, the Public Utilities Board set maximum prices for regulated petroleum products in all areas of the province except where maximum price adjustments have been suspended.

The changes to maximum fuel prices are as follows:

- all types of gasoline motor fuel will decrease by up to 4.4 cents per litre (cpl);
- diesel motor fuel will decrease by up to 3.9 cpl;
- furnace oil heating fuel will decrease by 3.51 cpl;
- stove oil heating fuel on the Island will decrease by 3.31 cpl;
- stove oil heating fuel in Labrador will decrease by 3.37 cpl; and,
- propane heating fuel will decrease by 3.8 cpl.

These maximum prices reflect the change in the average benchmark price of the products over the current pricing period. More information about how maximum prices are set, including a full breakdown by pricing zone, can be found on the Board's website at the following link:
