

1 **Q. Further to CA-NP-19, what is the basis for Newfoundland Power's conclusion that**
2 **reducing the crew members from three to two will improve efficiency?**

3
4 A. The basis for Newfoundland Power's conclusion that improved efficiency will result
5 from reducing the number of members in a line crew is an expected decrease in the
6 supervisory and training requirements for apprentice Powerline Technicians.

7
8 Refer to the response to Request for Information CA-NP-019.
