

1 **Q. Does Newfoundland Power have data as to the number and age of poles that**
2 **actually failed in each extreme weather event in 2014 outlined in Table 4 and Chart**
3 **12? If so, please provide the same.**
4

5 A. Newfoundland Power does not have data on the number or age of poles that actually
6 failed in each weather event in 2014 outlined in Table 4 and Chart 12. There were 12
7 outages on those dates that involved broken poles.
