

- 1 **Q. Please outline any organizational changes that have taken place at Newfoundland**  
2 **Power since the last GRA.**  
3
- 4 A. The following organizational changes have taken place since the last GRA:  
5
- 6 • Corporate responsibility for Customer Relations and Energy Efficiency moved from  
7 Vice President, Engineering and Operations to Vice President, Finance and CFO.  
8
  - 9 • The Director, Corporate Relations took on additional responsibility for Customer  
10 Relations which was previously held by the Director, Technology. This change  
11 allowed the Director, Technology to focus on the advancement and implementation of  
12 key technology improvements including Geographical Information System (GIS) and  
13 Supervisory Control and Data Acquisition System (SCADA).  
14
  - 15 • A new Director, Operations Technology position was created with responsibility for  
16 central dispatch and deployment of technology in operations.
